

Plastic E-X-T-R-U-S-I-O-N-S

The cutting of PLASTIC EXTRUSIONS is just one of the many plastic applications mastered by the General Saw blade technicians. Whether your business uses a chop saw, radial arm machine, table saw, or in-line cutoff machine, General Saw has the perfect blade or your machine and plastic material ... or we'll design it for you.

All General Saw Plastic Cutting Saw Blades are superior quality cutting tools. Tight tolerances are set for plate wobble and tooth concentricity. Blades are laser-cut, heat tempered, and hand-tensioned to run quiet and true. Ultra-fine grain, super-hard carbide tips are ground to a 1200+ grit finish for the ultimate in sharpness.

Select the right General Saw PLASTIC EXTRUSION blade from the charts below. We guarantee you'll be satisfied.

Chop and Miter Chop Machines Radial Arm Machines, Table Saws

SERIES PLGN : Excellent design for most plastic materials		
Dia.	Catalog No.	Specifications
10"	PLGN10904	10" x 90T x 5/8" Bore x .110" Kerf, Low-Melt. TCM. Neg.
12"	PLGN121004	12" x 100T x 1" Bore x .115" Kerf, Low-Melt. TCM. Neg.
14"	PLGN141004	14" x 100T x 1" Bore x .118" Kerf, Low-Melt. TCM. Neg.
15"	PLGN151004	16" x 100T x 1" Bore x .118" Kerf, Low-Melt. TCM. Neg.
16"	PLGN161204	18" x 120T x 1" Bore x .122" Kerf, Low-Melt. TCM. Neg.

In-Line Extrusion Machines

SERIES PLS : PVC, ABS, Polyethylene		
Dia.	Cat. No.	Specifications
10"	PLS10903	10" x 90T x 5/8" Bore x .110" K
12"	PLS121003	12" x 100T x 1" Bore x .125" K
14"	PLS141003	14" x 100T x 1" Bore x .145" K
16"	PLS161203	16" x 120T x 1" Bore x .155" K
18"	PLS181303	18" x 130T x 1" Bore x .165" K
20"	PLS201443	20" x 144T x 1" Bore x .180" K

SERIES PLPN : Styrenes, Rigid Vinyl, Polycarbonates		
Dia.	Cat. No.	Specifications
10"	PLPN10904	10" x 90T x 5/8" Bore x .110" K
12"	PLPN121004	12" x 100T x 1" Bore x .125" K
14"	PLPN141204	14" x 120T x 1" Bore x .145" K
16"	PLPN161204	16" x 120T x 1" Bore x .155" K
18"	PLPN181504	18" x 150T x 1" Bore x .165" K
20"	PLPN201804	20" x 180T x 1" Bore x .180" K
